## From the Seneschal

Unto the most glorious Dragonfolk of these most western shores of the biggest kingdom in the known world do I give warmest greetings.

To those but newly come to Dragons Bay, to those who return again, to those who faithfully dwelled within for many years, or counted amongst those who join with us through diverse means, be you a delight for our eyes every week or grace us with your presence but once a year matters not, for all that matters is that you know yourselves to be counted among the Dragonfolk and are dragon proud, be it displayed Gules, Vert or Or.

If you are a honey tongued bard, a husky voiced herald or a hushed whisperer of wisdoms let your words be heard in shaping what Dragon's Bay may become, for the voices of many create a place for many, a place for each of us and those yet to find us. Dragon's Bay belongs to all of us, it is us, and lives or dies, grows, or prospers only by our combined efforts, our sacrifice and most importantly our courtesy.

Whatever your level of skill or knowledge be proud of what you create, and we will be proud with you, share your knowledge if asked, and let us meet all together where we can to grow and strengthen the arts & sciences within our community. Everything we do as a canton is made medieval by the arts and sciences and without them our endeavours lack colour, depth, and glamour, without artisans we are but a pale imitation of what might have been.

For those warriors amongst us whether you wield a blade or a bow, your skill will improve and so will numbers if we come together whenever we can to practice our craft, share our knowledge and hone our skills. If you risk the hazards found upon the eric, archery range or war field be fierce and brave but caring, chivalry and courage are not the sole domain of warriors, nor do they only live in the contest or clash of arms. However, it is here we may more readily display the visible elements and be exemplars to all of the ideals that our kingdom cherishes and holds dear.

You are all invited and most welcome to participate, to contribute and to enjoy, as best you may at our very own Sunday practice at the Dragons Lair or the baronial monthly training in Spear Wood. Let your face be seen, renown displayed, council given, humour shared, and presence felt at workshop, tourney, feast, war, moot or althing.

It is a new year and a blank page upon which may be writ our story, our glory and our noble deeds.

In service to the dream

Viscount Peter D'Gaunt Noir

## Officer Vacancies

### *Arts & Sciences Officer*

Applications will be sought for this position soon.

### *Knight Marshal*

Applications will be sought for this position soon.

Putting your hand up for an Officer position is one of the best ways to help your Canton to grow. All Officers are volunteers and become experts in their own fields. Assistance is provided by other experienced members of the group.

All Officers must:

- Be 18+
- Maintain their memberships throughout their tenure
- Become members of the relevant [mailing list](#)
- Report to the Seneschal each month
- Report to the Seneschal and their Upline every quarter

For a Canton the Officer reports are due on 1st of January, April, July and October

This allows the Upline Baronial Officers a month to incorporate the reports from their subordinates in Cantons and Colleges.

### *Border Art*

The border art is from [SpeculumHistoriae](#) and is used under their Creative Commons Attribution - Noncommercial 3.0 Licence. It is a recreation of a border from XI century Sacramentarium Episcopi Warmundi, North-West Italy (Piedmont area). This type of knotwork is typical of the Germanic populations until XII century, not only in Italy but also in France, Germany and Scandinavia, which seem to emulate the style of Nordic knotwork.
